
TWO SHORES
OUTDOOR
2026 COLLECTION
Cushions that complete the experience.
Designed for long days and even longer seasons.

A better seat for every shore.

Two Shores Outdoor was created for those who believe the best moments happen outside. Our cushions are built with premium materials and thoughtful construction to deliver comfort, durability, and timeless style season after season.

Made for the outdoors. Made for you.

WHY TWO SHORES

Built for more than comfort.

Premium materials

Performance outdoor materials selected for comfort, durability, and long-term outdoor use.

Made in the U.S.

Outdoor cushions produced in the United States with an emphasis on consistent construction and quality.

Built to scale

Repeatable manufacturing designed to support ongoing retail, OEM, and private-label programs.

Custom capability

Cushion programs developed around customer-specific furniture, dimensions, constructions, and fabrics.

Responsive partnership

Domestic manufacturing helps keep product development and production closely connected.

CUSTOM PROGRAMS

Built around your collection.

Every furniture program is different. Two Shores Outdoor works with customers to develop cushion programs around their furniture, specifications, materials, and assortment.

Boxed edge

Bullnose

Welting

Dimensions & shapes

Custom sizes and silhouettes developed to fit the frame.

Constructions

Boxed, bullnose, seat and back sets, and welting options.

Fabric programs

Specified outdoor fabrics, including Sunbrella.

Private label & OEM

Retail and OEM programs built for repeat production.

Collection development

Cushion programs designed around a full furniture assortment.

From sample to production

Development connected to repeatable U.S. manufacturing.

From initial development through repeatable production, our goal is simple: build the cushion around the program — not the program around the cushion.

Built around performance, comfort, and repeatable production.

Performance materials

Sunbrella outdoor fabrics and PTFE sewing thread.

Engineered comfort

Cushion constructions developed around comfort, support, recovery, and outdoor use.

U.S.-sourced cushion materials

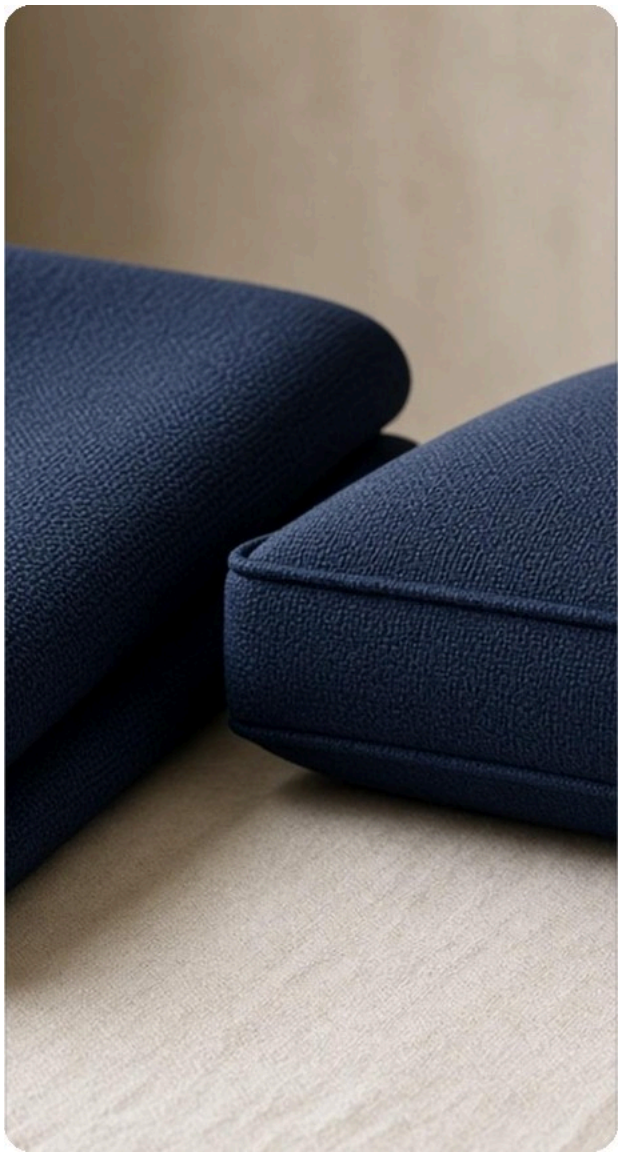

Quality cushion components sourced in the United States.

Produced in the U.S.

Cushions cut, sewn, and assembled in the United States.

Consistent construction

Each program is built to a specified construction so every piece matches the next.

MADE IN THE U.S.

Made here. Built to scale.

Two Shores Outdoor develops and manages U.S.-produced cushion programs for retail, OEM, private-label, hospitality, replacement, and custom applications.

Domestic production

Cushion programs produced in the United States.

Connected development

Product development and production stay closely connected as a program moves from sample into ongoing production.

Repeatable production

Programs are developed around quality and consistency for ongoing customer requirements.

Built for serious programs

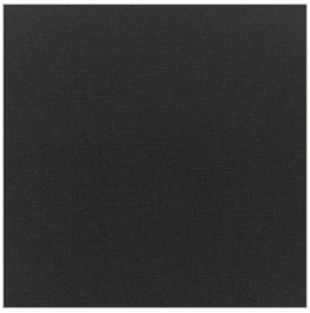

Designed to support retail, OEM, private-label, hospitality, replacement, and long-term customer programs.

From the first sample through ongoing production, Two Shores Outdoor is built to be a manufacturing partner — not simply a cushion supplier.

Color that belongs outside.
